Explanation of Responses:

- Restricted stock units ("RSUs") provide for the right to receive one share of common stock, \$0.0001 par value per share ("common stock"), of ARKO Corp. (the "Company") on a one-for-one basis.
- The RSUs will vest and convert into shares of common stock in three equal annual installments commencing on March 1, 2025, subject to the reporting person's continued employment or service through the vesting date, with certain accelerated vesting upon termination of employment.
- Grant of performance-based RSUs ("PSUs") providing for target issuance of 298,784 shares (the "Target Amount") of common stock of the Company, subject vesting upon the common stock achieving a certain specified price per share during the performance period. Depending on the price per share of common stock during the performance period, the PSUs may vest into shares of common stock representing between 50% and 150% of the Target Amount. Columns 5, 7 and 9 above present the maximum amount of PSUs, and the underlying shares of common stock, that may vest, which represent 150% of the Target Amount.
